A bus trip that promises to include stop-overs at some of the most famous sight-seeing points in America awaits the contingent of Rainbow Council Boy Scouts and Explorers of which Mokena Scouts are members, who will make the trip to Irvine Ranch in Southern California to attend the National Boy Scout Jamboree next July.

While the actual date of the Jamboree may seem quite a few months away, unit leaders are reminded that reservations for the unit to name a boy to the Jamboree should be in the Rainbow Council offices as soon as possible.

The Rainbow Council group will board two modern coaches on July 5 to begin their 26 day jaunt to the largest assemblage of Scouts in the history of the movement. About 50,000 are expected to make the trek to the huge California ranch located 40 miles south of Los Angeles.

Will County H. I. A.
To Hold Annual Meet

Members of the Will County H. I. A. are invited to attend the annual meeting which will be held, January 8, in the Sportsman's hall at Manhattan. There will be a potluck supper at 6:30 p. m.

After a short business meeting, at which election of a new board of directors will be held, there will be several musical numbers, and Mr. and Mrs. Harry Eaton, of Elwood will show their colored travel movies.

Several complaints were made to the village board when they met Tuesday night that teenagers have been destroying landscaping around many homes by driving their cars in and around the yards, ruining shrubbery and messing things up. Driving without lights, the offenders visited many homes on Front and other streets on the night of January 2. Residents also complained that they could not get in touch with Police Chief Whitney Carter to report the vandalism at the time it occurred. Chief Carter explained that his handling of the situation is hampered by citizens who refuse to swear out warrants against the offenders and by those complainants who decline to appear in court to testify against him. The boys who have been causing the trouble are not actually residents of the village but live adjacent to it or come from neighboring towns, according to the chief.

Although all known dog owners in the village have procured licenses, the violators of the dog ordinance who continue to let their dogs run at large over the town are still making plenty of trouble for the nuisance committee. The village clerk was instructed to notify all taverns and clubs having liquor licenses that they must not sell intoxicating beverages to any person, male or female, under 21 years of age, or they are directly violating the state liquor laws.

An amendment, to the vehicle tax ordinance, was adopted, that sets the cost of \$5.00 for a car sticker, provides a discount of \$2.00 to anyone getting their sticker before March 1 and provides the cost of stickers to new car owners or new residents during the year. The streets and alley committee plan to provide cinders for hazardous driving spots and the board voted to give the state trucks permission to plow snow on the village streets as they go through town.

Several repairs have been made on the village hall building which include a new cement floor for the fire truck stall, repair of doors in that part; new work was on cupboards and an instrument panel. Arrangements have been made to take out general liability and personal injury insurance for the village; also to bond Chief Carter at his request for his official duties.

Trustee Russell Anderson suggested that a member of the board contact Everett J. Cooper in an effort to effect a settlement with him and other interested parties in the matter of water revenues not yet paid to him according to a contract between him and the village, which has been declared illegal by the village attorney, Harry Schenk. The building committee plans to meet with the building inspector, Edward Bruesser, and consult with building contractors of the village before submitting a new building code to be adopted by the board.

Mayor Harold Spiess suggested that the board plan to replace water mains and pipes where needed, the cost to be taken care of by a slight increase in water rates and water fund surplus. Trustee Anderson recommended that any water main improvements be paid for by a tap-in fee charge to the property owner and Atty Schenk advocated that the village pay for replacing of mains and new mains and then recover the funds by charging tap-in and other fees. No action was taken on this matter.

NEW CHEVROLET
OUT TOMORROW

Expanded to include a third series of cars, and boasting more significant advances than ever incorporated in a model in the low-price field, the widely discussed new Chevrolets make their first public appearance at Frankfort Motor showrooms January 9 and 10.

For the 1953 market bodies have been completely redesigned. All cars have increased power, with special emphasis on a new power train that includes a new engine and improved automatic transmission. In performance, in economy, in driving and riding qualities, exterior and interior appointments, the latest Chevrolet models contribute importantly to automotive progress.

In appearance the latest Chevrolets combine the smooth flow of the streamline with utilitarian design. Over-all, the cars are lower, but with an increase in headroom and legroom. The top of the bodies has been broadened to provide additional width while hood and trunk lines are more pronounced. Fender shapes both front and rear, make the cars appear longer although over all they are actually two inches shorter than last year largely due to a repositioning of the bumper. The new length is a concession to parking ease with the more compact bumper design reducing the "overhang" from axles. Wheelbase remains the same.

More power, increased acceleration and greater economy as well as present in the standard engine that powers all 1953 Chevrolets other than Powerglides. A revised ignition system contains a new distributor, new spark plugs, and spark plug caps that are moisture-resistant. Capacity of the generator has been stepped up to provide added reserve for accessories. An automatic choke assures correct fuel mixture for temperature changes without manual adjustment. Neither engine requires premium gasoline.

AWARDED BICYCLE

Awards made at Grobarcik's Royal Blue store in Mokena, December 24, were as follows:

Bob Hohenstein was awarded a bicycle; a ham was awarded to William Rodeghero, and Mrs. Elmer Smiel also received a ham.

A meeting of the Mokena Civic Association was held Tuesday evening at VFW hall for the purpose of discussing the possibility of a community park development for Mokena adequate its present and future needs. The meeting was very well attended, and most of those present represented some organization. Chairman of the meeting was Mr. Charles Swanberg.

Mr. Dean Rueckert explained that the property now owned by the Civic Assn. was not an adequate site for park development or for playground purposes, so other sites have been under consideration. A Mr. Victor Hyde of the University of Illinois' Community Planning Bureau had been consulted and had given the names of two firms who might undertake this work, one in Hinsdale and the other in Peoria. Mr. Rueckert read Mr. Hyde's letter and exhibited a map on which various tracts of land under consideration were shown.

A Mr. Rose, landscape architect of Hinsdale, came to Mokena sometime ago and went over these various tracts. It was found that the best tract available for the purpose was one owned by a Mrs. McNally of Waterloo, Iowa, who was contacted and answered in writing.

Mrs. McNally owns 28 acres, more or less, and asked \$10,000 cash for it. It is an open field and wooded area at the end of Mokena street and LaPorte Rd.

Mr. Swanberg and Mr. Rueckert paid a call on Mrs. McNally in Waterloo on November 22 in an effort to secure a better price and succeeded. Mrs. McNally agreed to sell the property for \$8,000 instead of \$10,000, but the Association would have to pay the legal fees to bring it up to date. The Association would also have to pay \$250 an option to make the deal binding and this option runs to June 1.

\$2,000 would have to be paid down on the property by March 1.

Frankfort was pointed out as a splendid example of how a community acquired a park within a very short time, an article from the News-Bulletin explaining how it was done by means of pledges, and showing an accounting of the pledges, was read to the assembly.

It was the consensus of opinion of all present that Mokena wants this site, and that something must be done about it at once, before it is taken up by some land development. It was agreed also that this project should not be dropped exclusively in the lap of the Civic Association but that all organizations should participate in the advancement of the plan. Assurance was given that the Lions, as well as the Amvets would cooperate to the fullest extent. Other organizations also pledged full cooperation.

All present who represented some organization were asked to take the matter up with their various organizations and the Association committee, meanwhile, will go ahead with the formulation of plans. A meeting will be called several weeks from now at which time it is expected that the representatives of these organizations will come forward with some definite idea or plan as to how the project can be advanced.

It is hoped that every citizen of Mokena will take a personal interest in this project and help it along.

Ronnie Oclon, grandson of Mrs. Rose Rabiega has returned to his home in Chicago after spending the holidays with his grandmother. The Rabiegas' home was a happy one for their first Christmas in Lincolnwood. Rose entertained her entire family, consisting of three daughters and their families. Miss Anne Rabiega is now living with her mother and brother Clarence permanently. She intends to commute to Chicago daily where she is a nurse at the St. Anthony's hospital. The holiday would have been complete except for a son who is in the service. Mr. and Mrs. Edward Starline and their daughter-in-law from Chicago visited with them Sunday.

Mr. and Mrs. Walter Thode attended a birthday dinner party last Saturday in the home of Mr. and Mrs. Charles Adams in Austin. Sunday they entertained Mr. and Mrs. Jack Becker of Joliet.

Mr. and Mrs. Steve Madden entertained at a birthday party for their daughter Elizabeth. "Liz's" birthday is really Christmas day. However, for obvious reasons, it was celebrated Tuesday, December 30. Her little neighbors and friends who attended were Milcent Halik, Judy Owen, Kathy and Betty Jane Malloy, Carol and Janice Peterson, Lloyd, Sandra and Charlene Paxton, Michael Cullen and Karen Barrett. Ice cream and cake were the main event. Miss Cheryl Stoner, daughter of Mr. and Mrs. W. Stoner was unable to attend because of illness which has confined Cheryl for several days.

Mr. and Mrs. Paul Korsgaard went all out for the New Year's Eve party. They entertained several of their neighbors and friends. Turkey buffet was served at midnight. Donald, their son, also entertained a group of his friends a few nights previous for their New Year. Also, we cannot forget to mention that Mike Halik and Marie Korsgaard celebrated their birthdays together December 28. Congratulations!

By the way, the "Monster" got a new coat. We hope it is a warm one for this zero weather.

Sunday seemed to be a day of sport around our circle. Claud Clay with his beautiful "Huskies" (snow dogs to you) had them harnessed to his sled and seemed to be enjoying the sport tremendously. He should have run a race with Mike and Ann Halik who had their skis and sled hooked up to their garden tractor. Mush to you all!

"The Dearborn's"

It's winter in Mokena And on this Christmas morn You'll find a grand old couple Known as the Dearborns.

The Rock Island pulling through And what coffee Mom can brew As you watch the fire all aglow You're little thoughts of the ice and snow.

Fritz in his slippers and his easy chair Will let out a yawn, then stroke his hair.

And with a chuckle that comes from his toes Enjoying a life that few people know.

Mom Dearborn's hair is snowy white Brought about by work and strife.

She too enjoys the most in life Just being Art's Mom, and Fritz's wife.

A happy couple they've always been Contentment and what else then Awaits this couple—never bored.

Known to us as "The Dearborns."

William Jellema of Paterson, N. J. Formerly of Roseland

splendid flying record. They point out that the Clinic was started as a safety school for the agricultural pilots.

This Clinic is rotated between Illinois and Indiana, with this year's event scheduled for January 9 and 10, 1953. It will be held at Purdue University, West Lafayette, Indiana, with the following flying farmers from this area to attend, Mr. and Mrs. Forest George of Plainfield, Mr. and Mrs. James Tilley of Mokena, and Mr. and Mrs. Donald Doctor of Orland Park.

While this year's Clinic will still stress safe flying, many sessions will deal with the part flying farmers should take in world affairs, particularly Civil Defense.

Speaker for the Flying Farmer banquet, scheduled for the evening of the 9, will be Gill Robb Wilson, Editor and Publisher of Flying Magazine. He is one of the best informed men on Aviation.

Dad's Night at N. L. PTA Tuesday
